SOKKIES

OUR STORY

Happy feet

We launched our sock subscription service in 2016. Every month, consumers received a colorful pair of socks in the mail. In 2020 we received a request from a company: “Would it be possible to design socks with our logo on them?”

Happy customers

“No problem”, we said coolly. After a number of designs, feedback and tests, our first company sock was ready! This wetted our appetite even more, and since then we have slowly switched our focus to custom socks for businesses.

Our own factory

Over the years we've made tens of thousands of happy customers. Since 2023, we have been doing this from our own production facility, which allows us to make even faster, even better socks.

1 million socks

In 2024, we surpassed the milestone of one million socks! We are the leading specialist in custom socks in Europe. We would love to work with you to design a unique pair of socks. In our own factory, we bring this design to life and turn it into a high-quality pair of socks.

OUR SOCKS

ONE SIZE FITS ALL

The most popular sizes are 38-46. Of course, we also have women's, men's, children's, and baby sizes.

FINEST QUALITY

Our socks are made from 80% combed organic cotton or bamboo, 15% polyamide, and 5% elastane. This composition ensures the best fit and a long lifespan.

ALL SHAPES AND SIZES

We also make sports, bamboo, yoga/Pilates, work, ski, and cycling socks. Is your sock not listed above? Chances are we still be able to produce it. Send us a message.

SUSTAINABLE MATERIALS

We use organic cotton/bamboo. These are sustainably grown, cultivated, and processed into a beautiful pair.

ONE TREE PLANTED

ONE ORDER EQUALS ONE TREE

Since 2021, we've been giving all our customers a unique Christmas gift: a pair of Christmas socks and a (Christmas) tree. We've already planted trees in Argentina, Ethiopia, and Brazil. Together with OneTreePlanted, we plant one tree for every order. Not because we have to, but because we can!

WHY?

We're doing pretty well when it comes to sustainability, but we'd like to take it a step further. Every year, we look for a location where planting trees will have the greatest impact.

More information »

IMPROVING THE LIVING ENVIRONMENT

In addition, OneTreePlanted works to restore local nature and increase biodiversity. The trees also improve water and air quality in the area. Children in the region are taught about biodiversity and the conservation of the natural environment around them.

5000+ TREES PLANTED

We are proud to say that we have planted more than 5,000 trees in recent years. And the next row of trees is already waiting to be planted!

COLLABORATION

NS & Sokkies

Unique magnetic socks for NS

Together with the NS, we may have created the most iconic socks ever. The question: “Can you make socks with magnetic arms inside them, so we can snap them together?”

Good question—we really had no idea if we could do it. So let’s give it a try. It started with making the arms and then placing magnets inside them. Too thick, too thin, too flimsy. Until the little arms were just right and hung nicely next to the socks.

It took a while, but we’re all the more proud of the end result:

A unique pair of socks that snap together. What a delight!

**Happy extra:
we received
a wonderful

SOKKIES

COLLABORATION

Sanquin & Sokkies

We are proud to have been partnering with Sanquin since 2022. These beautiful socks are available to blood donors.

Claudia: “Working with Sokkies has been a pleasure. The team at Sokkies is very precise and meticulous. It’s been a joy to collaborate with them.”

The socks are also a hit:

“The design turned out beautifully. Personally, I find them very comfortable. We’ve been giving them to blood donors as a token of appreciation for several years now. We’ve already distributed tens of thousands of pairs, and in Sokkies, we’ve found a reliable partner who helps advance our mission.”

“We received a sample of Sokkies that they had sent us. That’s why we decided to reach out to them about the socks.”

Claudia van der Pijll, Head of Communication at Sanquin

SOKKIES

COLLABORATION

DHL & Sokkies

Christmas stockings for DHL. The DHL team delivers so many packages for Sokkies every year that it's time to switch roles and send them a package full of socks.

In their search for a unique gift for their Christmas gift basket, DHL came to us. They wanted to have custom socks printed in the DHL corporate style. A gift for internal use that was received with great praise.

The socks were meant to be colorful and really stand out, but of course they had to align with the recognizable corporate style. We therefore created a design featuring yellow Christmas baubles that reflects this corporate identity. The gift packaging and accompanying Christmas message on the card are also entirely in the DHL style. A unique package! DHL chose to have the socks delivered pre-packaged so they could be distributed around the holidays.

“The socks turned out beautifully. Our employees loved them. We’d definitely do it again!”

Peter Kuijpers - DHL

SOKKIES

COLLABORATION

Boskalis & Sokkies

Socks that travel the world for Boskalis
We were asked to find a fun pair of socks in Boskalis's corporate style for the company's employees. The question was whether we could also ship them worldwide. No problem!

Boskalis had seen a sock design online that they wanted to incorporate into their corporate identity. This clear direction resulted in a cheerful, colorful design.

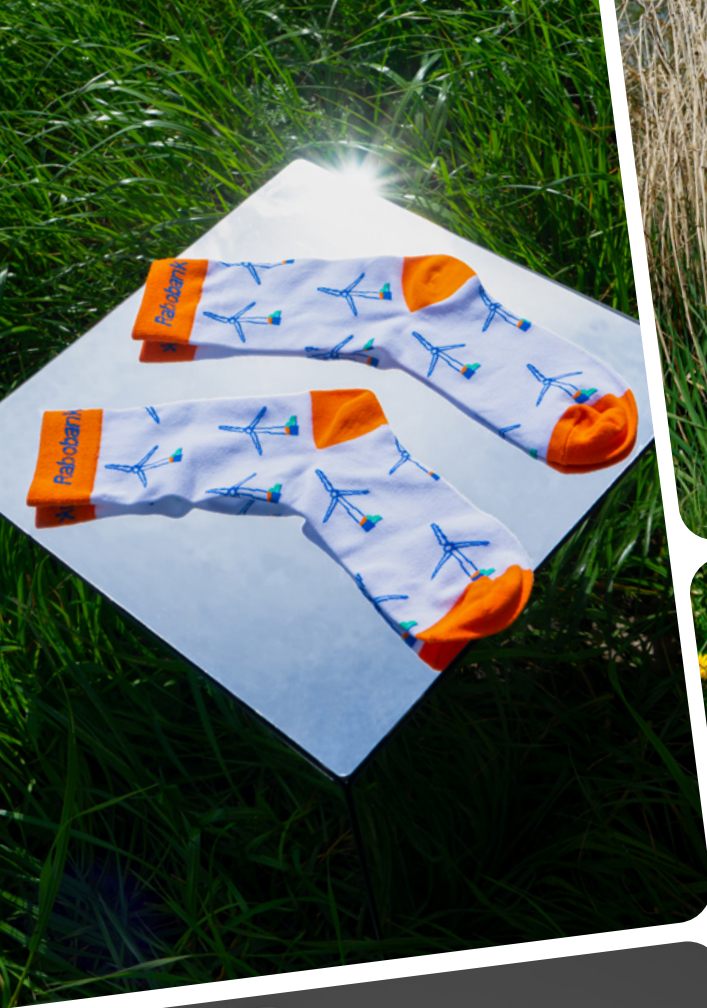

After the sock design was approved, we designed the gift boxes, labels, and cards. We kept them in the same style as the socks to create a cohesive look. The boxes and cards included a message from Boskalis to their staff, fully in line with their well-known corporate identity.

We then packed everything, labeled it, and shipped it

worldwide via the PostNL network.

The socks were for the staff on "Seafarers' Day." In total, we sent more than 1,000 packages to no fewer than 32 countries(!). For the first time, Sokkies were sent to destinations including Mexico, South Africa, the Philippines, Argentina, Lithuania, and Sri Lanka.

FAQ

WHAT IS THE MINIMUM ORDER QUANTITY?

The minimum order quantity is 50 pairs per design, per size.

WHAT IS THE DELIVERY TIME?

Our standard delivery time is approximately 4 weeks. Rush orders can be processed in approximately 2 weeks; please contact us for more information.

CAN I SUBMIT MY OWN DESIGN?

Of course! We have [design templates](#) that let you unleash your creativity.

HOW DOES THE FREE SAMPLE DESIGN WORK?

We'll create a free digital prototype based on your specifications. Would you like a physical prototype? That's possible too—you can request a free sample, or we can create a physical prototype based on your design.

WHAT SIZES ARE AVAILABLE?

Most of our customers choose the one-size-fits-all option, which is suitable for sizes 38 through 46. Orders for specific size ranges are also available, such as 36–41 or 42–48, as well as 23–27, 28–32, or 33–37.

We also make baby socks.

HOW ARE THE SOCKS PACKAGED?

The socks can be attached to each other with a label. We then place 10 pairs in a protective bag and pack them into boxes for shipping.

WHAT ARE THE SOCKS MADE OF?

Our socks are made from organic combed cotton/bamboo, polyamide, and spandex.

WHERE ARE THE SOCKS MADE?

In addition to our in-house production in China, where we use our own machinery and staff, we have been working with various suppliers—including those offering expedited service—in countries such as Turkey and Bulgaria for many years.
